IN MALMÖ ARE INVITED TO PARTICIPATE IN

MALMÖ OPEN STUDIOS
31 AUGUST - 1 SEPTEMBER 12 - 5 PM

SIGNUP DEADLINE 1st OF JUNE 2024 AT 23:59

via link www.malmoopenstudios.se/signup

Malmö Open Studios is cordially inviting you, visual artists, artisans, colleagues and friends, based in Malmö to be part of our 7th edition! The concept is simple: everyone opens their studio doors at the same time period and welcomes everyone who wants to come visit. Everyone who wants to participate submits an artist presentation aka registers in advance, before deadline, via the link above. We will do the rest and call the exchange in presentations and your help with sharing the event, a collaboration. In addition, one is obliged to keep one's studio open throughout our opening hours.

This year we divide the city into two halves again, where one half of all studios is open on Saturday and the other is open on Sunday. That way we can also visit each other - great fun! We draw a dividing line from Midhem, along Nobelvägen to Nobeltorget and further out along Lantmannagatan. Studios west of the line are open Saturday (incl the harbor) and studios east of the line are open Sunday (incl Kirseberg). The website gets color coded. It will be communicated in the presentations posted on social media which day each artist participates.

Everyone is free to decide for themselves how their practice is best presented. However, Malmö Open Studios is not an exhibition format. The purpose of the project is to be a platform for the meeting between the artists and the audience, where the artist is at the center, in their work place, among finished and unfinished work, some in storage and others as sketches. We wish for other artists, professionals in the art world and the general public to come see us, to gain insight into Malmö's art scene and generate conversations with the potential of creation collaborations, exhibitions, commissions, ect with us.

In addition to wanting to be part of the collaboration, a participating artist / artisan need to be a member of Malmö Open Studios' nonprofit association. Anyone who has any of the following can become a member:

- Artistic higher education (Bachelor or Master of Fine Arts / Medium - and Material Based Art)
- Other, at least two years, artistic education + work samples
- If one does not have any artistic education, one must be able to show one of the following: ongoing artistic activities such as exhibitions, public commissions, teaching, consulting assignments, ect + work samples. A longer apprenticeship with a focus on artistic activity can also be counted as a merit.

Memberships are free of charge and processed on an ongoing basis. Send a link to your website with CV or 1 short PDF with work samples and CV to nan@malmoopenstudios.se

Welcome! All the best and on behalf of Malmö Open Studios,

Nan Embäck
Visual artist and project coordinator
